

PROTEST! RALLY!

NO MORE HATE OVERTURN 8!

AN INJURY TO ALL

Civil rights are non-negotiable and must be restored to all same-sex couples seeking to marry. Millions have gone to the polls to vote for same-sex marriage rights. Now the fight must go on. Together we will win.

TILL EVERY BATTLE'S WON

The well-funded forces of bigotry and discrimination think they have turned back the clock of history. Wrong! The struggle for full equality for the LGBT people will continue until the right to marry is won - in California and under federal law throughout the U.S.

STAND UP! FIGHT BACK!

The narrow victory at the polls by opponents of civil rights for LGBT people will not stand. From Stonewall to full equality, our movement is growing as millions say "yes" to marriage equality. With greater unity and greater determination, the fight must and will go on. Victory is certain.

No to bigotry and homophobia! No to sexism! No to racism! Equal marriage rights now!
